

# Chidinma (Ifunanyachukwu) Nwosu

Frontend React Developer

## WORK EXPERIENCE

### Century 21 Freedom Group International(C21FG)

Administrator

Abuja, Nigeria  
Sept 2019 - Jan 2021

- Managed and updated a customer database of over 200 records, ensuring a 99% accuracy rate.
- Coordinated and scheduled over 30 meetings, improving team efficiency by 20%.
- Conducted online and offline surveys, expanding the company's network by 15%.

### Independent National Electoral Commission (INEC)

Adhoc Staff

Abuja, Nigeria  
Dec 2022 - Mar 2023

- Oversaw and lead a team of 5+ staff during the electoral process, ensuring the secure handling and protection of sensitive materials. Achieved a 90% compliance rate in my jurisdiction, enhancing efficiency.
- Assisted in voter registration and ballot counting, contributing to the accurate and timely processing of over 1,000 ballots.
- Collaborated on process improvements, reducing task completion time by 15% through streamlined workflows.

## PROJECTS

### Carefinder

Frontend Engineer

Remote  
July 2024 - Aug 2024

- Developed a responsive web app enabling users to locate hospitals within a 5km radius, with 100% accuracy in location services.
- Implemented a CSV export feature, allowing users to easily share hospital data, resulting in a 15% increase in user engagement.
- Delivered the project within 1 month, using NextJS, Tailwind CSS, and TypeScript.

### Github Repo fetch

Frontend Engineer

Remote  
May 2024 - June 2024

- Built a seamless application to fetch and display repositories from GitHub, reducing data fetch time by 20%.
- Used VueJS and Tailwind CSS to deliver the project within a 2-week timeframe, receiving positive feedback from users.

### Calmify, the ADHD Organizer App Project

Frontend Engineer

Althub Capstone Project  
Mar 2024 - Ongoing

- A part of the frontend development team using NextJS, Tailwind CSS and TypeScript, delivering features on schedule and ensuring a 98% performance efficiency across devices.
- Improved app accessibility and engagement for users with ADHD by implementing a visually appealing interface.
